The Ross Family Update

February 2009

“Its like you are having TWINS!”

quote from friend and team member Sara Ward in regards to opening the girl's home and having a baby all at the same time.

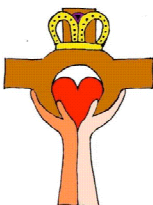

Little did she know a couple of months ago how right she would be. Even as I was at home caring for our newborn, the legal process on the girl's home was progressing, and now, the House of Glory is official! We are a recognized organization by the Peruvian government. Both of these huge things that you have been praying for over the past year or so are happening within a month of each other. Isn't God's timing amazing and entertaining!

“At the end of this week, you will receive your birth certificate for the girl's home-
The House of Glory is born!”

Quote from our lawyer Milagros

As you would expect, we are happily very busy, praising the Lord for 2 HUGE answers to prayer, the launching of this new project, the House of Glory, and our precious little bundle, Janna Hope, who has joined our family and is brining us so much joy.

Please praise the Lord with us and pray for our transition as we juggle a new baby and a dream being realized as the House of Glory opens soon.

Janna Hope Ross was born on January 26th at 1:29 am weighing 9 _ pounds and 20 inches long.

You can see more pictures of her on our blog:
www.xanga.com/kaylabellainperu

For Prayer:

-please pray for Bella as she is having a hard adjustment to not being the baby anymore
-please pray for the House of Glory as we are waiting to hear from the government if the house we have found to rent will be acceptable for a girl's home
-please pray that the support for the girl's home will come in soon

Thank you for praying for us. God is so good, and we are reveling in His good gifts this month. You are a gift to us as you continue to do the real work of praying and supporting us.

With Joy,

Jeremy, Amanda, Kayla, Bella and Janna
