

## ***Los Chasquis de Cristo a Los Quechua***

**The messengers of Christ to the Quechua**

**Rockwell's News, Praise & Prayer July 2011 Huaraz, Peru**

Dear Faithful Warriors,

Recently, a friend and our neighbor shared a video with us that reminded us of just how powerful our God is. The speaker showed various slides of several stars that are billions and trillions of times bigger than our planet and then reminded us of the scripture in Psalm 33 verse 6 where it says "By the word of the Lord were the heavens made, their starry host by the breath of his mouth." By the breath of His mouth these magnificent stars were created. It certainly makes you think about how amazing it is that God is involved in our lives down to our very thoughts as individuals. Psalm 139:4 says: "Before a word is on my tongue you know it completely, O Lord." When you meditate on these truths and the scientific evidence in creation all around us it changes the way you think about yourself in relationship to this awesome, powerful God. It also has impacted the way I pray.

With those thoughts in mind, we would like to share some praises and prayer requests. Amazing as it may seem, this almighty God desires that we come to Him in prayer.

### **PRAISES:**

- ❖ That God desires to have a relationship with us.
- ❖ For the completion of the renovation of the two dorm rooms and the new bathroom including new tile floors, renovated beds, new curtains and new paint.
- ❖ For a special visit from our friends and mentors the Gahagens. We are thankful that they had safety in their travels and that they had no major health issues while here.
- ❖ For Lynae's graduation celebration made extra special by having Don Gahagen give her graduation message.
- ❖ For the celebration of Mackenzie's 14<sup>th</sup> birthday.
- ❖ For God's blessing of two short-term teams that came and ministered in Jauna and Hualcor.
- ❖ For the teaching that people from several of the churches in Huaraz received during the seminars held each evening while the teams were here.
- ❖ That with the help of one of the teams we were able to help the families in Jauna and Ututupampa with clothing donated from teams over the years.
- ❖ For the well attended pastor's conference led by a brother from South Carolina.
- ❖ For sweet good-byes for Lynae.

### **PRAYER REQUESTS:**

- For safe travel and good adjustment for Lynae as she starts her college career at Covenant College in Lookout Mountain, GA.
- For our family as Lynae's leaving will impact each of us greatly although in different ways.
- For Larry as he is preaching through Romans during August and September at Divine Redeemer church in Huaraz.
- As Larry continues to consistently share the Scriptures with the people in Hualcor, Jauna, Ututupampa and Collahuasi that God's Spirit would move within their hearts confirming the truth and calling many into a saving relationship through Christ.
- For the children that Sandy teaches in Collahuasi to be changed by the things they are learning through the work of the Holy Spirit so that they would be the world changers in that community.
- That God's Spirit would convict Jonathan of his sin and draw him to Himself.
- We continue to pray the same thing for Larry's former Quechua tutor, Odilio.
- For God's provision of workers to expand the vision He is giving for use of the Center for other opportunities to minister to the Quechua.

We are serving the Quechua together with you,

*Larry, Sandy, Lynae, Mackenzie and Jonathan*
